SmartKids Ghana March Financial Report (Ghana Expenses)

This report provides an overview of Ghana-based operational expenditures for the month of March. We launched our Zoom teaching program and this initiative allows us to teach scholars virtually, providing interactive lessons, real-time feedback, and flexible learning opportunities. This is the breakdown of our expenses on ground in Ghana.

Total		GHC 2,380.00

Expense Description

1. Monthly Trip Cost (Planning & Coordination Meetings) – GHS 500.00

This cost covered administrative travel for in-person planning meetings, partnership engagement, and coordination sessions related to the upcoming Zoom teaching program. These meetings were essential to finalize curriculum structure, align teaching schedules, and ensure technical readiness ahead of program launch.

2. Data Bundle (Staff) – GHS 2,350.00

This expenditure provided internet data packages for SmartKids Ghana staff to support remote work, program planning, and coordination of online teaching sessions. The data bundles ensured uninterrupted communication between staff, teachers, and program partners, enabling timely updates, online collaboration, and preparation for the Zoom teaching program. Reliable connectivity is essential for efficient administration and maintaining the quality of educational planning.
